UMER GROUP OF COMPANIES

BHANERO TEXTILE MILLS LIMITED

Vision

A premier quality company providing quality products by maintaining an excellent level of ethical & professional standards.

Mission Statement

To become a leading manufacturer of textile products globally and explore the new era to achieve the highest level of success.

Directors' Review

On behalf of the board of directors of Bhanero Textile Mills Limited, I am pleased to present the unaudited condensed interim financial statements for the first quarter ended September 30, 2026.

Significant Financial Performance for the First Quarter Ended September 30, 2026

Profit after tax for the first quarter ended September 30, 2026 is PKR 1,019.842 million as compared to PKR 27.608 million in the corresponding period ending September 30, 2025.

Earnings per share for the first quarter ended September 30, 2026 is PKR 335.37 (September 30, 2025: PKR 9.08).

Break-up value of the share as on September 30, 2026 is PKR 4,173.27 (June 30, 2026: PKR 3,837.90).

The current ratio as on September 30, 2026 is PKR 1.83 (June 30, 2026: PKR 1.88).

Outlook of Textile Sector

The textile sector continued to face a challenging operating environment during the year, characterized by persistent inflationary pressures, elevated energy costs, rising freight rates and volatile demand across key export markets. Economic slowdown in major Western economies, coupled with high inflation and tighter monetary policies, adversely affected consumer spending and resulted in subdued order volumes. Domestically, weak demand and escalating production costs further constrained the industry's operating margins.

Notwithstanding these challenges, Pakistan's external sector demonstrated resilience during the first quarter of FY 2026-27. According to the Pakistan Bureau of Statistics, the country exports increased by 10.80 percent to US\$ 8.423 billion during July-September 2026, compared to US\$ 7.599 billion in the corresponding period last year. Imports also rose by 13.20 percent, reaching US\$ 19.215 billion against US\$ 16.973 billion during the corresponding period of FY 2025-26.

The textile sector remained the backbone of Pakistan's export economy, contributing over 60 percent of the country's total exports. Textile exports grew to US\$ 5.14 billion during July-September 2026 from US\$ 4.83 billion in the corresponding period showing a modest growth of 0.34 percent during FY 2025-26, reflecting its resilience despite significant macroeconomic and industry-specific challenges.

The sustainability of export growth will largely depend on the recovery of demand in key markets, the availability of competitively priced energy, stability in freight costs and improvement in domestic cotton production. The cotton production for the 2026-27 season is projected to reach 118 million bales, supported by larger crops in major producing countries, particularly Brazil and the United States, which is expected to improve cotton availability and moderate supply-side pressures. On the domestic front, encouraging signs have emerged from the current cotton season. According to data released by the Pakistan Cotton Ginners Association (PCGA), as of 30th September 2026, cumulative cotton arrivals in Pakistan stood at 3.21 million

bales compared to 3.04 million bales during the corresponding period last year, representing an increase of 5.39 percent.

Besides, the industry also remains vulnerable to geopolitical developments, particularly the ongoing tensions in the Middle East, which have disrupted global shipping routes resulting in an increased freight, additional insurance premiums and heightened supply chain uncertainties. Any prolonged escalation in the region could adversely affect export lead times, logistics efficiency, and input costs for textile manufacturers. In this environment, continued investment in value-added products, technological modernization, energy efficiency and operational excellence will be essential to strengthen the international competitiveness of Pakistan's textile industry and maintain its position in global export markets.

Acknowledgement

The board extends its sincere appreciation to employees and financial institutions for their continued support.

On behalf of the Board

Khurram Salim - CEO

Mohammad Salim - Director

CHIEF EXECUTIVE

DIRECTOR

CHIEF FINANCIAL OFFICER

Bhanero Textile Mills Limited**Notes to the Condensed Interim Financial Information (Un-audited)****For The Three Months Period ended September 30, 2026****1 THE COMPANY AND ITS OPERATIONS**

Bhanero Textile Mills Limited (the Company) was incorporated on 30th March 1980 as a public limited company in Pakistan under repealed Companies Ordinance, 1984 now the Companies Act, 2017 and is quoted on Pakistan Stock Exchanges Limited. The registered office of the Company is located at Umer House, 23/1, Sector 23, S. M. Farooq Road, Korangi Industrial Area Karachi. The company is principally engaged in manufacturing and sales of yarn and fabric. The production facilities are located at Kotri, District Dadu in the province of Sindh and Feroze Wattwan, District Sheikhupura in the province of Punjab.

2 BASIS OF PREPARATION**2.1 Statement of compliance**

This condensed interim financial information is un-audited and has been prepared in accordance with the requirements of the IAS 34 Interim Financial Reporting and provisions of and directives issued under the Companies Act, 2017 as applicable in Pakistan. This condensed interim financial information does not include all of the information and disclosures required for annual financial statements and should be read in conjunction with the financial statements of the Company as at and for the year ended June 30, 2026.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirement of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 Basis of measurement

This condensed interim financial information has been prepared under the historical cost convention except for certain financial instruments at fair value, certain financial liabilities at amortized cost and employees retirement benefits at present value. In this financial information, except for the amounts reflected in the statement of cash flows, all transactions have been accounted for on accrual basis.

2.3 Judgments, estimates and assumptions

The preparation of financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions and judgments are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which forms the basis of making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected.

2.4 The Company's financial risk management objectives and policies are consistent with those disclosed in the financial statements as at and for the year ended 30 June 2026.**2.5 Functional currency**

This financial information is prepared in Pak Rupees which is the Company's functional currency.

3 MATERIAL ACCOUNTING POLICY INFORMATION

The accounting policies and methods of computation adopted in the preparation of these interim financial statements are the same as those applied in the preparation of preceding annual financial statements of the Company for the year ended June 30, 2026.

4 LOAN FROM DIRECTORS AND SPONSORS

Directors and sponsors entered into a contract with the Company to provide funds to the Company. As per the contract, the loans are unsecured, interest free and repayable at the discretion of the Company. The loans are presented under equity as per Technical Release-32 of The Institute of Chartered Accountants of Pakistan.

5 CONTINGENCIES AND COMMITMENTS

There is no material change in contingencies and commitments as disclosed in annual financial statements for the year ended June 30, 2026 except following:

9 TRANSACTIONS AND BALANCES WITH RELATED PARTIES

Related parties from the Company's perspective comprise associated companies and key management personnel. Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the Company, directly or indirectly, and include the Chief Executive and Directors of the Company.

Transactions with key management personnel are limited to payment of short term employee benefits only. The Company in the normal course of business carries out various transactions with associated companies and continues to have a policy whereby all such transactions are carried out on commercial terms and conditions which are equivalent to those prevailing in an arm's length

Names and details of transactions and balances with related parties are as follows:
